

### How can you help?

- Find time to talk to your child about what he/she has done at school.
- Share a book together with your child....make it fun!
- Practice his/her spellings and counting with him/her...sing with them
- Find a quiet corner in the house for him/her to do his/her homework...and then encourage him/her to complete it on time
- Visit the library to find interesting books
- Encourage your child to come to school every day...on time...learning is fun....school is a great place to be!
- Can you tell us anything about our topics or themes. Let your child's teacher know!
- Encourage your child to practice his/her handwriting.

# A Curriculum Newsletter for Our Parents

Do you want to know what your child is  
learning at school.....and how you can  
help.....? *read on!*

**Spring 2025—2026**

**Year Two**

### **This half term we will be learning about:**

In our second term in Year 2, we will be learning all about seasons and different types of weather and how weather is different in different parts of the globe, including some extreme weather. We will be combining this with learning about how all plants and animals are affected by the weather and explore plant and animal life cycles. In Art we will be looking at the work of Andy Goldsworthy and how he creates collage from natural resources and we will try and make our own natural collages from the resources we find in our local area.

We will also be continuing to have Phonic, Basic Skills, English and Maths sessions on a daily basis and focussing on Traditional Tales & Key Stories in English. In maths we will focus on Multiplication and Division, Statistics, Geometry, Fraction and Measurement.

Our PE sessions are on a Monday and Wednesday. PE kits, indoor and outdoor, should be brought to school on a Monday and left in school for the week.

Reading books—Your child will read regularly with an adult in school but should also aim to read at least one book per week using the online version of our school books via Bug Club. Reading books will be changed once per week. Please help your child to bring his/her reading book to school every day because we will listen to children read in any additional time we can find.

**Any questions please do not  
hesitate to ask.**

### **Our targets**

To achieve success this term the children will aspire to meet the following targets:

#### **In Writing**

- To correctly form our letters
- To write in different ways e.g. a story, a piece of non-fiction writing, a poem, a letter and other genres of writing
- To use our knowledge of sounds to write difficult words
- To write in sentences, using basic punctuation

#### **In Reading**

- To read sentences on our own
- Retell stories in the correct order, using story language
- Use non-fiction texts to find answers to questions

#### **In Mathematics**

- To use maths ideas to solve problems
- Use vocabulary related to multiplication and division
- To mentally recall number bonds to 10 and 20
- To recognise, count and order numbers to 100 and beyond
- To have rapid recall of x2, x5 and x10 tables.
- To use mathematical language to describe 2D and 3D shapes.
