Dear Parents & Carers,

New Delaval School App

As part of our drive to improve accessibility to our school website and information, New Delaval Primary are launching the 'eschools Lite App'. All you need to do is search for it on the Android App Store or the Apple App Store. Once you have downloaded the App, simply search for 'New Delaval Primary School', select our school, job done, no need for logon details or passwords. You will have a quick link to the school Calendar, Latest News, School Website and School Contact Details.

The graphic is for the 'eSchools Lite App'. It has an orange background with various school-related icons. At the top, it says 'eSchools Lite App' and 'Receive notifications as your school's website is updated!'. Below that, it says 'Download the app on' and shows buttons for 'App Store' and 'Google Play'. A QR code is in the center. A blue cartoon penguin is on the left, with a speech bubble that says 'Subscribe to receive school updates and keep informed!'. At the bottom, it says 'For more information, visit: academy.eschools.co.uk/lite-app' and has the 'eSchools MAKING SCHOOLS CLICK' logo.

Yours sincerely,

Mr Struthers
Headteacher
