Online Safety at Home – eLearning for Parents

Dear Parent/Carer,

Northumberland County Council have made us aware of an opportunity for parents to take part in an eLearning session titled 'Online Safety at Home'.

With our children spending more time than ever using devices for learning, socialising and entertainment, it has never been more important to be aware of the risks that they may face in online spaces. However, new apps, games and trends appear regularly, often without clear guidance for parents. These sessions aim to provide parents with the tools to identify these risks and help keep children safe. **Further details on the specific content can be found on the attached leaflet.**

Sessions will be delivered by **Northumberland ICT and eLearning** and accessed via **Microsoft Teams** on the following dates:

Wednesday 26th November 2025 at 3.45pm
Tuesday 10th February 2026 at 7.30pm
Tuesday 16th June 2026 at 7.30pm

Each session will last **approximately 45-60 minutes**. Parents who wish to attend should sign up for **one session only**.

If you would like to attend, please complete the form below and return it to school by **Monday 17th November**. The link for your chosen session will then be sent to you **via email**.

Yours sincerely,

Mr P Ward
