

Year Three Spring Term 2025

Multiplication and Division

Our learning in maths this term will focus on applying our knowledge and understanding of calculation including addition, subtraction, division and multiplication to solve problems. . When solving multiplication and division problems we will be using our knowledge of repeated addition, groups of, sharing and arrays. . Through our topic learning we will be using our knowledge of measures to solve cross curricular problems. Data handling will be used across the curriculum to present information. Multiplication facts will continue to be checked each week.

PSHE

Children will explore empathy in their Character Education lessons and assemblies. PSHE lessons will focus on positive relationships and behaviours.

Physical Development Gymnastics:

Children will work with NUFC to develop their multi-skills for a variety of and games. They will also be practicing their skills in accuracy to play indoor bowls. PE ki will be needed on Wednesdays only.

Computing

This term children will use ICT as a tool to create information for specific purposes and audiences. They will use a search engine to locate information on the internet. Children will continue to understanding about e-safety and know how to stay safe when using IT .

Knowledge and Understanding of the world

Science

During this term our children will investigate how sound travels. Children will investigate and explore the relationship between distance and volume and explore how sounds are made. We will use a range of investigative skills during this topic to investigate vibrations learning how vibrations effect pitch and volume. Children will plan a fair experiment to test their hypothesis.

History

Children will place the Ancient Egyptians on a timeline of world history. They will investigate the beliefs of the Ancient Egyptians by looking at evidence found from the pyramids, mummies and hieroglyphics.

Literacy

This half term we will be reading the beautifully illustrated book 'Egyptian Cinderella' in our cross curricular basis for our fiction and non-fiction writing.

Story writing

The master has employed our children to be apprentice story writers to re-tell the story of Rhodopis, a young slave in Egypt. We will learn to describe characters and settings using noun phrases and innovate the story by changing a character to create our own versions of the story.

Chronological reports

The children will learn to write instructions using bossy verbs and adverbs to explain their instructions accurately.

Music

Children will learn how to keep in time with the pulse, rhythm and beat of a song and continue to learn to play the ukulele.

Art & Design

As part of our Art and Design study within our topic of 'Ancient Egypt' children will plan and design their very own 3-D sarcophagus. Children will also explore tomb paintings and discuss what these paintings might tell us about ancient Egyptian lifestyles.
