WELCOME BACK**

## Year 4 Newsletter – Autumn 2020

Year 4 children have returned to school with an obvious enthusiasm to learn. We are supporting all pupils to make the most of their time in school after the lockdown.

### **Multiplication Tables**

There is a nationwide multiplication tables test for all Year 4 pupils in the Summer of 2021. Please support your child in their learning of ALL of their tables.

### **PE**

PE will be on **Tuesdays** and **Wednesdays**. Tuesday's PE session will be taken by the Class Teacher, Mr Kelly and Friday's session will be led by Scott from the Newcastle United Federation. Pupils will need to bring their full PE kit for both sessions. This is a white sports top and black shorts or sports trousers. Training shoes will also be required.

### **Trips**

Year 4 has always been a year for a series of educational visits. However, all visits have now been put on hold due to Covid-19. We will keep parents and carers informed when we learn of any changes to this situation.

### **Hygiene**

We are working hard to minimise the chance of any spreading of germs/illness in school. Your child will be able to tell you about all of the procedures that we have in place in school. If your child does show any symptoms of Covid-19, please do not send them to school. Let the school office know if this is the case.

### **Homework**

Homework will be uploaded to pupils' 'Purple Mash' and 'School 360' accounts. This will be available for pupils to complete from Monday and must be completed by Thursday evening. Your child has been given their passwords and usernames to be able to access their online accounts. It is their responsibility to make sure that their online homework is completed. There will be no time offered at school to complete work that is for completion outside of school time.
